

DIE IS NOW CAST BEFORE DYNASTY OF HOHENZOLLERNS

Inter-Allied Council at Versailles Has Drawn up Severe Terms Under Which Germany May Have Peace—Huns Forsaken by Their Allies Must Acknowledge Defeat or Continue Struggle to Utter Collapse.

(By the Associated Press)

With Germany's allies vanquished and forced to accept terms for a cessation of hostilities against them tantamount to abject surrender, the die is now to be cast in front of the Hohenzollern dynasty.

The inter-allied conference sitting in Versailles has drawn up the terms under which Germany may have peace and the indications are that those terms will be no less hard than those imposed on Austria-Hungary, Bulgaria and Turkey.

Forsaken by all her allies, Germany, the power that hoped to be able to dominate the world by force, is at the threshold of acknowledging defeat by capitulation or continuing a struggle which means ultimate utter defeat.

The terms accepted by Austria-Hungary, Bulgaria and Turkey have shown all these states of power. Those imposed on Germany surely will be no less severe in rendering that country powerless to resume hostilities even in the far future.

Meanwhile pending presentation of the dictum of the allies German armies in Belgium and France are the only ones left of the Teutonic allied group which are under attack, and they are being sorely tried.

Austro-Hungarian Losses Enormous In the Italian theatre Austro-Hungarians, utterly crushed, having lost thousands of men killed and 300,000 taken prisoner, are standing bewildered before the victorious Italian, French, British and American and Czech-Slovak armies. Respite from further punishment was given them Monday afternoon at 3 o'clock, North Italy again is Italian, and Trent, Trieste and other places, which the Italians always have claimed as their own, are dominated by the Italians and fly the tri-color of the kingdom.

Almost all of the Adriatic coast line now is in the hands of the Italians and Albania is all but cleared of the defeated Austro-Hungarians.

Eastern Serbia Cleared

Like eastern Serbia freed of the enemy and a few days more doubt-

less will see the remainder of the straggling Austro-Hungarians making their way out of the western part of the kingdom across the Save river into their own territory. As for Bulgaria and Turkey, they no more are menacing.

Over a front of thirty miles in northwestern France, Field Marshal Haig's armies have delivered a mighty blow against the Germans and torn into their positions over wide fronts, capturing important strategic points of the enemy line, taking more than 10,000 prisoners. Of particular value in the general plan of driving the Germans out of invaded region was an advance of more than three miles across the Sambre canal, which leaves Field Marshal Haig's men set on good ground for a further dash eastward.

Great Converging Movement Meanwhile the French and Americans on the southern part of the line are keeping up their intensive operations in the great converging movement which, if its progress continues, is likely to end the battle before the Germans are able to reach their border. Particularly notable have been the new gains of the Americans west of the Meuse over their entire front. Opposite Stenay in the Meuse valley they have an excellent footing for further progress up the river toward the important German lines of communication in the north. In the center the American lines now stand twelve miles south of Sedan. In the latest operations large numbers of additional Germans have been made prisoner and many villages have been liberated.

The Anglo-American guns now are dominating the Thionville-Monmery-Mezieres-Hirson railway, the cutting of which will rob the Germans of their main line of communication from the south and place in jeopardy the large number of enemy troops inside the big sack. The strong opposition which last week was imposed against the French and Americans has died down almost completely and rear guard actions on the part of the enemy predominate.

MRS. KELLY SAYS SHE COULD NOT HELP SCREAMING

Pains in Back and Limbs Made It Almost Impossible to Sleep.

"I feel that it would be very selfish in me, after getting the wonderful relief I have, not to tell others about Tanlac," said Mrs. J. C. Kelly of 4016 South Second, East, Salt Lake, while purchasing more of the medicine at a Schramm-Johnson drug store, recently.

"This bottle I am getting now is for my son," she continued. "He is going to take it for stomach trouble and indigestion and I haven't the slightest doubt but what it will relieve him just as it did me. My appetite was so poor, before I took Tanlac, that I never cared for anything to eat and I had been in bad shape in many ways for five or six years. My kidneys bothered me most every hour night and day and I was in such a bad fix that I would often have to stay in bed for a week or more at a time. I was compelled to have help to get out of bed. I had to go all bent over and hold on to something to keep from falling.

"The pains in my back were so hard and sharp at times that I just couldn't keep from screaming out loud. Actually, my back felt like it was breaking in two, it hurt so bad. At the same time I had terrible headaches and my nerves were so upset that I could hardly get my food to my mouth. I was also constipated, my limbs ached and hurt and sleep was almost impossible for me.

"One day Mr. Kelly was telling his foreman at the machine works about my condition and he told him to get Tanlac for me, saying it had relieved him entirely and had put him in fine shape. So Mr. Kelly went for a bottle at once and by the time I finished taking it I could tell it was the right medicine for me. I have taken five bottles now and am a perfectly well woman. I can't eat enough to satisfy my appetite and every sign of my troubles has left me. So I think anyone who gets such wonderful relief should be willing for the sake of others to tell what did it."

Tanlac is sold in Ogden by A. R. McIntyre Drug Co., two busy stores.—Advertisement.

RALPH E. SHORTEN CALLED BY DEATH

Ralph Edward Shorten, aged 28, son of Sanitary Inspector George Shorten, died last night at 9:35 o'clock of influenza. He had been ill only a few days but was in a weakened physical condition because of another ailment and stood little chance of fighting off the influenza. He had been ill seriously since Saturday.

The young man was born in Ogden, November 13, 1890. He is survived by his parents and the following brothers and sisters:

D. George, Norman E., John L., Mabel McKay, Elsie Powell, Pauline, Josephine and Elmore Shorten.

The funeral arrangements will be announced later.

A chronic lar is far better than the lar who has spasmodic attacks of voracity.

LIFT OFF CORNS!

Doesn't hurt a bit! Sore corns lift right off with fingers. Magic!

Costs few cents! Drop a little Freezone on that touchy corn, instantly that corn tops hurting, then you lift it right out with the fingers.

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of discovery of the Cincinnati genius.

OVER THE TOP IN A BIG BATTLE

J. Elmer Green, son of Mr. and Mrs. Albert Green of Taylor, has written a letter to his parents telling of his experiences in going over the top in France. Young Green has been in the army several months and has taken part in several sharp engagements.

"I have just underwent the greatest excitement and experience in my life," he writes, "and I am well, not hurt or harmed in the slightest. Yes, folks, I have been 'over the top.' Am now back for a little rest.

"Yes, it was the most exciting time of my life. Shells were bursting on all sides and whizzing past my head, yet with my comrade I went on. We have made a record for ourselves in the regiment and division to which I belong.

"The great trouble is fighting something one can't see. Give us a target and we will hit it almost every time, but this hunting things in the dark, something that has always got an eye on you, but which you cannot see, is sure up-hill business. However, we went on and did a great work.

"The Huns fought mostly from ambush, having machine gun nests in trees and other places of shelter, where they could not be seen. However, the Sammies waded into them and got them on the run and they have been going ever since.

"After coming back I was cheered greatly by receiving five or six letters from home and friends. I surely appreciate also the clippings and read them with great care.

"A few days ago I was going through the woods when whom should I see but

Phil, who was coming toward me limping and carrying a cane. He had been shot in the hand and the foot, but I do not believe he was hurt very badly.

"They are surely taking a lot of our boys. I was greatly surprised to learn that so many had been called, but Uncle Sam sure means business and now that we have got the Huns on the run we shall try to keep them going."

GEORGE REARDON IS HELD AS DESERTER

George Reardon, 26, whose home is at 173 Thirtieth street, was arrested last night by Deputies Dick Wootton and Jules Geiger as a deserter from the Twenty-fourth street viaduct going into Wilson lane and when stopped protested that he had been discharged from the army because of physical disability. The officers, however, showed him a government bulletin with his description and the information of his alleged desertion and he submitted willingly to arrest.

Reardon was a member of Battery E, 38th field artillery, Camp Lewis, according to the war department bulletin, and deserted on September 17 last. The sheriff will communicate immediately with the adjutant general at Camp Lewis.

Fleet Corporation

Heads Prepare to

Return to Business

PHILADELPHIA, Nov. 4.—Because of the imminence of peace some department heads of the Emergency Fleet corporation are looking forward to resigning and resuming activities immediately in their various lines of business. Some of the officials, it is said, have already informed Edward N. Hurley, chairman of the United States shipping board, that they anticipate resigning within six months if peace is

concluded, by that time. Among these is Charles Piez, vice-president and general manager of the corporation.

The only "dollar-a-year" man in the fleet corporation is Charles M. Schwab, director-general of the organization, it is said.
